Grapa paralela para cables

Conexión entre dos cables paralelos, para su uso en derivaciones exentas de tensión mecánica.

Parallel groove for cables

Connection for two parallel cables, to be used in mechanical tensionless derivations.

Bloc de doublement pour câbles

Raccord pour deux câbles parallèles pour s'utiliser dans des dérivations sans traction mécanique.

Soporte para cable simple

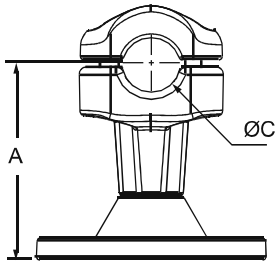

Soporte y fijación de cable simple pasante sobre aislador soporte.

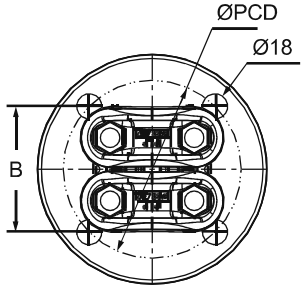

Single conductor support

Supporting and anchoring of single passing through cable over post insulator.

Support pour cablê

Raccord droit pour câble sur isolateur de support.
